

Cited Reference Search Form

IPFW faculty and staff may use the form below to submit a request for a cited reference search. **It is recommended that you contact your liaison librarian before completing the form.** Supplying complete information will help to ensure a more thorough collection of cited reference data. This form may be filled out online or by hand, printed and sent via campus mail to your liaison librarian.

Your IPFW department:

Your full name and any variants of your name under which you publish (including middle name; Jr., I, II, III, compound or hyphenated names, etc.):

Your coauthor(s) full name(s) and any variants (for all coauthors whose name appears as the first author):

Any known misspellings of your coauthor(s)' names:

Disciplines or cross-disciplinary specialty areas in which you publish:

If you are aware of other authors with the same name working in your field whose publications may be confused with you, please identify their major works:

The date of your earliest publication, including your thesis or any prior published works:

Please submit a list of all your single-authored and coauthored works, including your thesis, journal articles, books, book chapters, conference proceedings, patents, etc. Also include presentations at professional conferences, as these are often cited.

Submit your publications list in one of these formats:
